2. Plan connected with the work can be seen at the office of the undersigned on all working hours.

3. Tenders should be drawn up strictly in accordance with the details noted in the statement. The rate at which each item of work is offered to be executed should also be typewritten and required to be noted in words as well as in figures. No item other than those embodied in the statement, should be incorporated in the tender.

4. The materials to be used on the work should be of best quality conforming to B.S. or A.I.E.E. specification. T.W. Planks to be used should be well seasoned, free from cracks and knots. No plank less than 12" wide should be used, unless it is to make up the size of the board specified. Joints to be made should on no account be diagonal. Lap Joints are required to be made in all cases.

5. The undersigned reserves the right to (1) reject the tenders without assigning any reasons therefor, (2) to award the works to one or more contractors at his discretion, (3) to reject the work so awarded, in full or part, if the execution of the same is found to vary from the specification accepted and to get the work completed through any other agency entirely at the risk of the tenderer.

6. The successful tenderers will be required, on receipt of information, to arrange payment of further sum equivalent to the earnest deposit for conversion into security deposits, and execute agreement in the prescribed form, before the final award is made.

7. It will be very necessary that the accepted tenderer should arrange to start the work within a week from the date of intimation of award, complete the work within the period stipulated employing such of those materials that might be accepted by the undersigned on inspection.

8. The execution of work should be strictly in accordance with the wiring rules of the department, and those of Institution of Electrical Engineers.

9. The position of outlets, switch points, etc., noted in the plans, being only provisional, the contractors executing the work should adopt changes that might be suggested in respect of the same during the progress of work, without any obligation.

10. The date and time for the receipt of tenders:—Monday, September 3rd, 1945 at 3 P.M.

11. The date and time of opening tenders:—Monday, September 3rd, 1945 at 4 P.M.

12. Time allowed for completion of the work is 4 weeks. If the work is not completed within the period stipulated; this department will be at liberty to take charge of the works at whatever stage the progress may be, and arrange for the completion at the discretion of the undersigned at the risk of the tenderer.

13. The contractor executing the work will be required to furnish certificates of guarantee for the continuance of satisfactory service to the installation for a period of 12 calendar months from the date of starting service to the installation and bind himself to repair or replace any part of the wiring and rectify defects that might crop up during the guarantee period, due to bad work, if any, without obligation for service rendered.

14. The quantities noted in the statements are only provisional and subject to variation at the time of execution of work. This will not in any way affect the rates once quoted and the same should be binding for a period of one month from the date of tender.
